

Dear Ms. Braun,

Act 197 of 1975 indicates that the State Tax Commission is designated as the agency to institute enforcement of this act and to establish any rules for its administration.

125.1681 Proceedings to compel enforcement of act; rules.

Sec. 31. (1) The state tax commission may institute proceedings to compel enforcement of this act.

(2) The state tax commission may promulgate rules necessary for the administration of this act pursuant to the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.201 to 24.328 of the Michigan Compiled Laws.

STC Bulletin 9 of 1997 provides the following person to send the annual reports to:

Sharon Erwine
State Tax Commission
P.O. Box 30471
Lansing, Mi. 48909-7971

I sent my February 27, 2004 letter to the above address minus Ms. Erwine's name and received no response, not even an acknowledgement of receiving the letter. Below is some information from the web site on who does the audit of the DDA's reports:

You have 30 days to respond to an initial audit determination made by the Property Tax Division auditor (Sharon Erwine).

- If you agree with the **initial** audit determination, please advise us of your agreement within 30 days. A **final** audit determination will be adopted by the State Tax Commission and copies will be sent to affected parties. If the **final** audit determination directs you to return school taxes, please do so, following the directions in the determination letter. Submit proof of payment to the auditor (copy of the check and the cover letter/s to the local unit/s) so that the audit can be cleared.

I am sending an attached letter that condenses my initial letter per your request. This condensed form only states what I feel needs to be done and doesn't include the supporting facts concerning how the TDDA violating the law and perpetuated the fraud to justify their violations. I am assuming that the original letter and attachments will be forwarded to the appropriate person.

Please keep me informed as to the status of your attempts to have my concerns addressed.

Respectfully yours,

Victor Lenivov
